Lush greenery spills from the entranceways

The pier/boardwalk is the perfect place to watch sunsets

Flowers line the streets highlighting exquisitely made storefronts and signs. Crystal Cove storefronts are created with love and unique, playful designs.

Contrast from the big city of Manhattan to our charming coastal town.

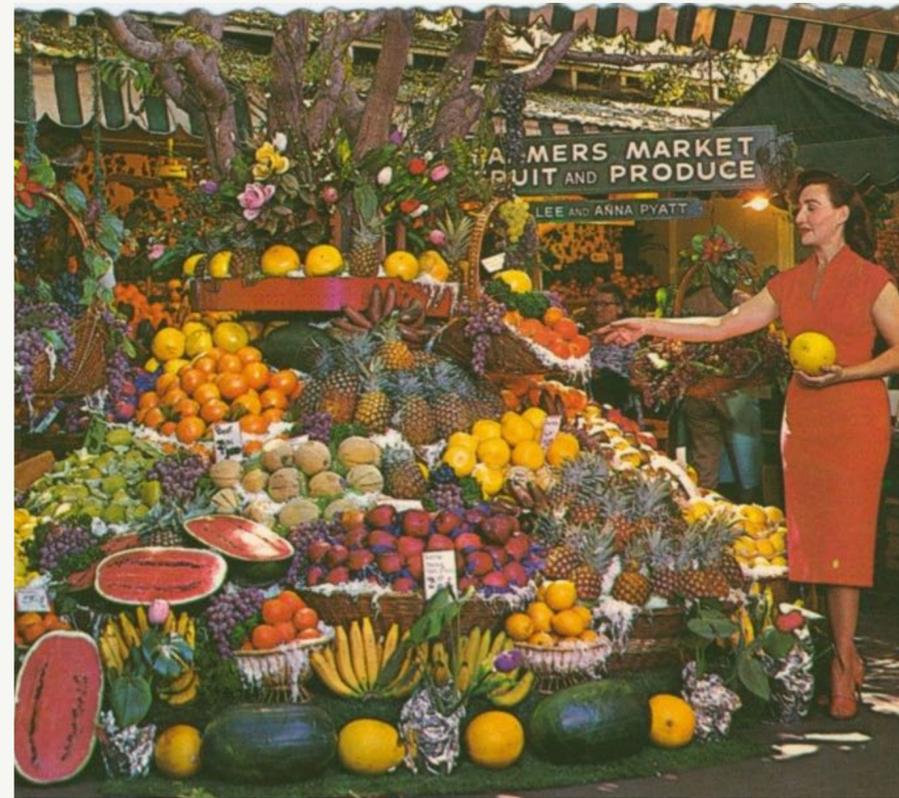

This tight-knit community is a place where you will surely find an abundance of smiling faces.

The setting always has an array of bright, exciting colors. Purple, fuschia, magenta, yellow, bioluminescent blue

On the pier, every vendor has individually designed and vibrantly styled booths.

Outdoor market - with unique individual stalls with different multi colored awnings.

Live music in Crystal Cove is always uniquely romantic. Serenading you in flavors of Italian and French with a touch of pop

Fresh fruits and vegetables in all varieties from all over the world as well as handcrafted specialties.

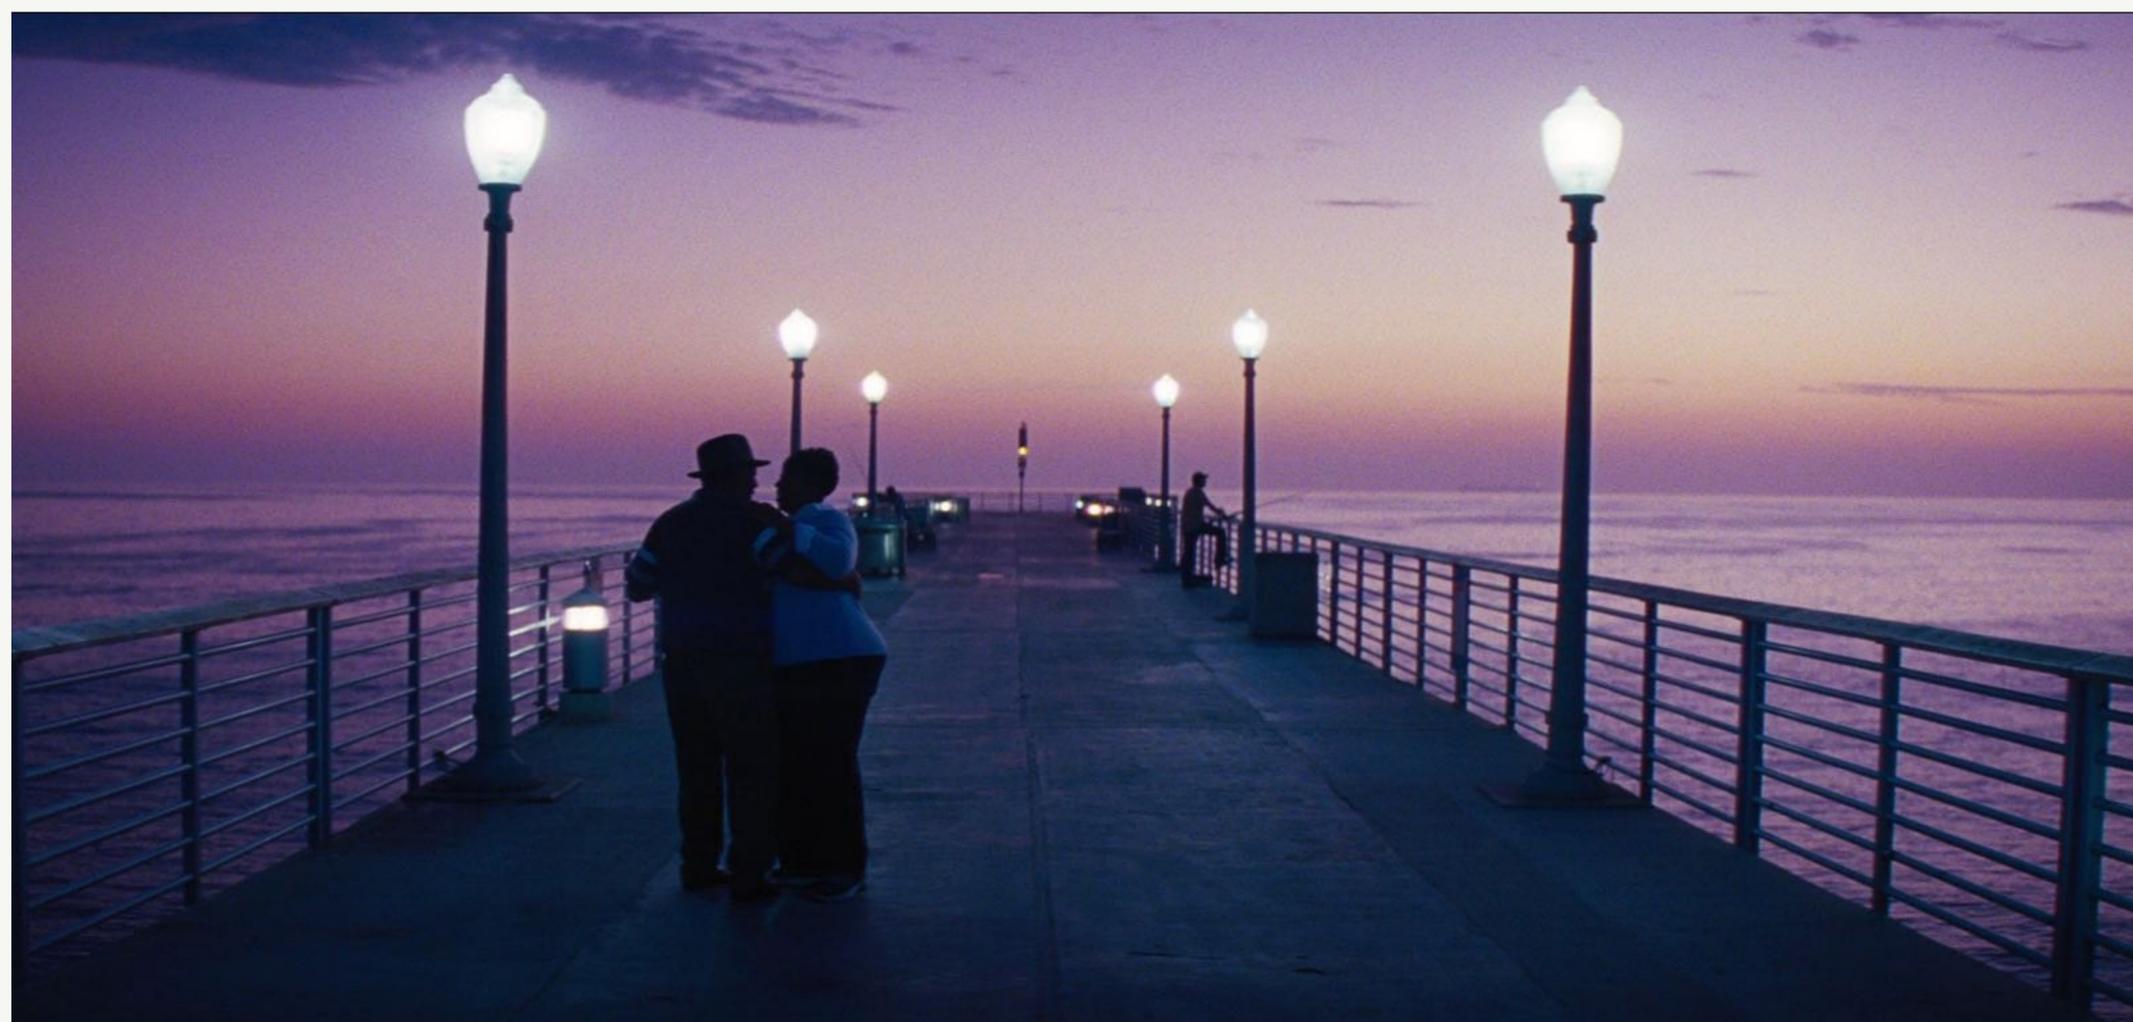

Unique baskets with character and style - In Crystal Cove people personalize their market baskets with Love.

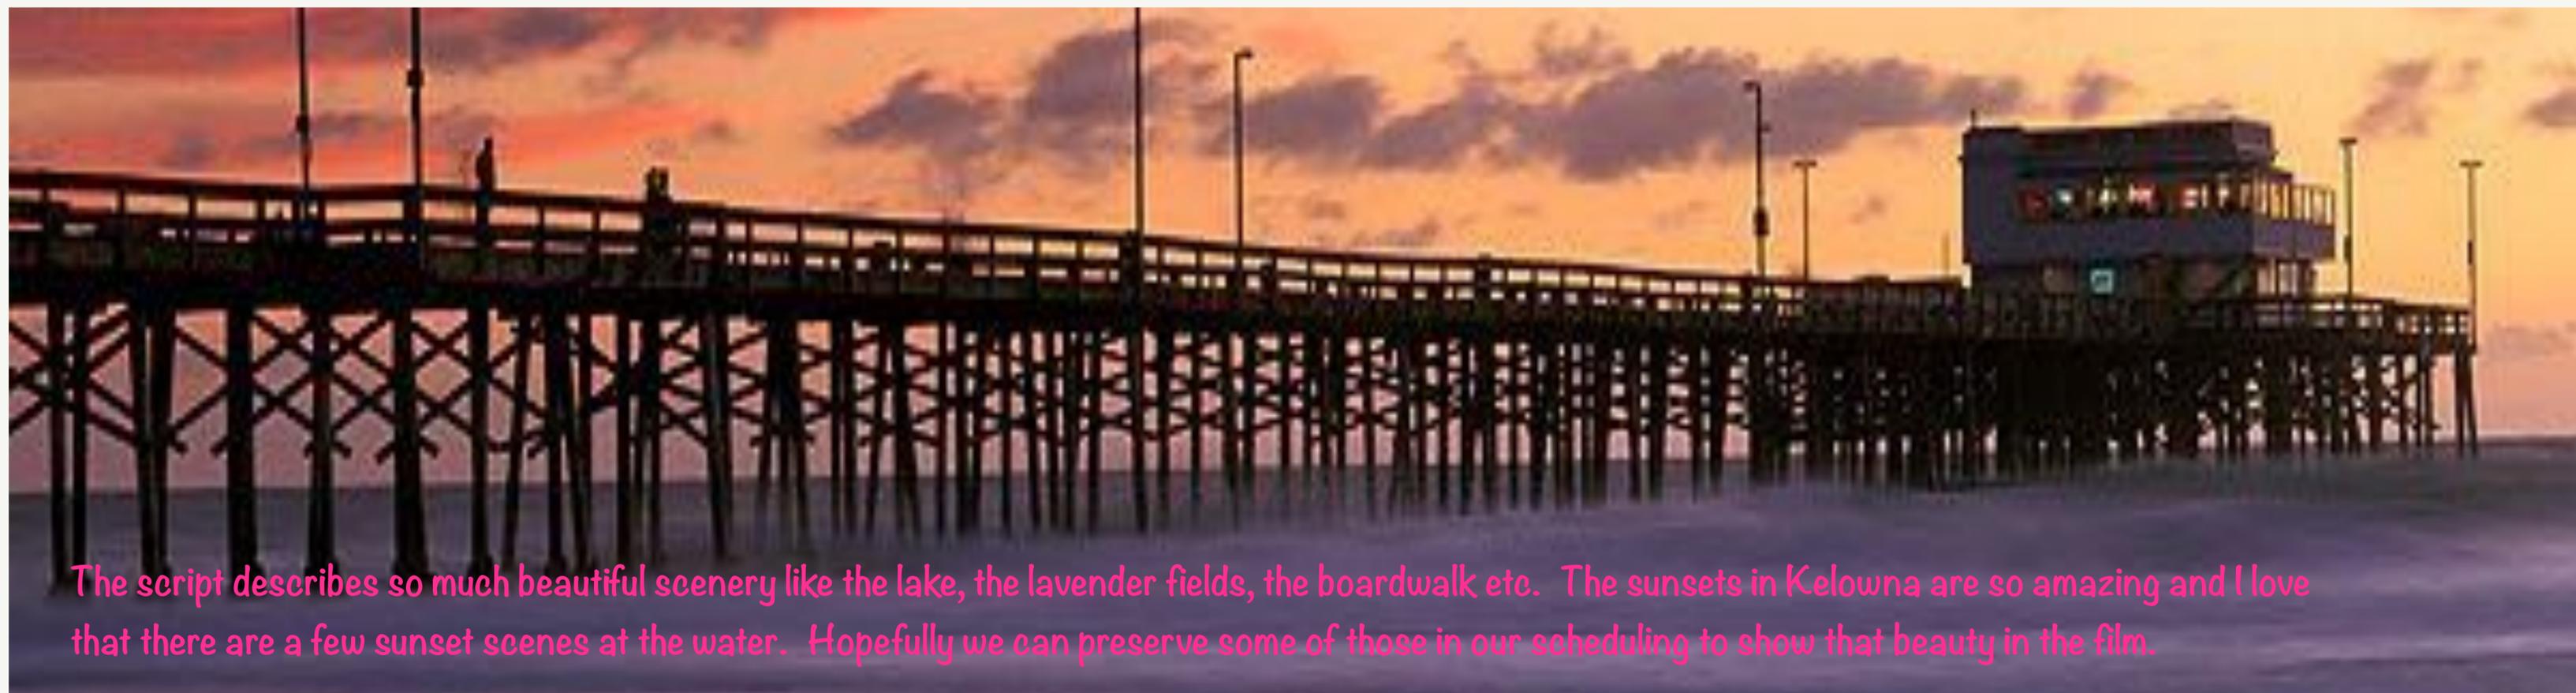

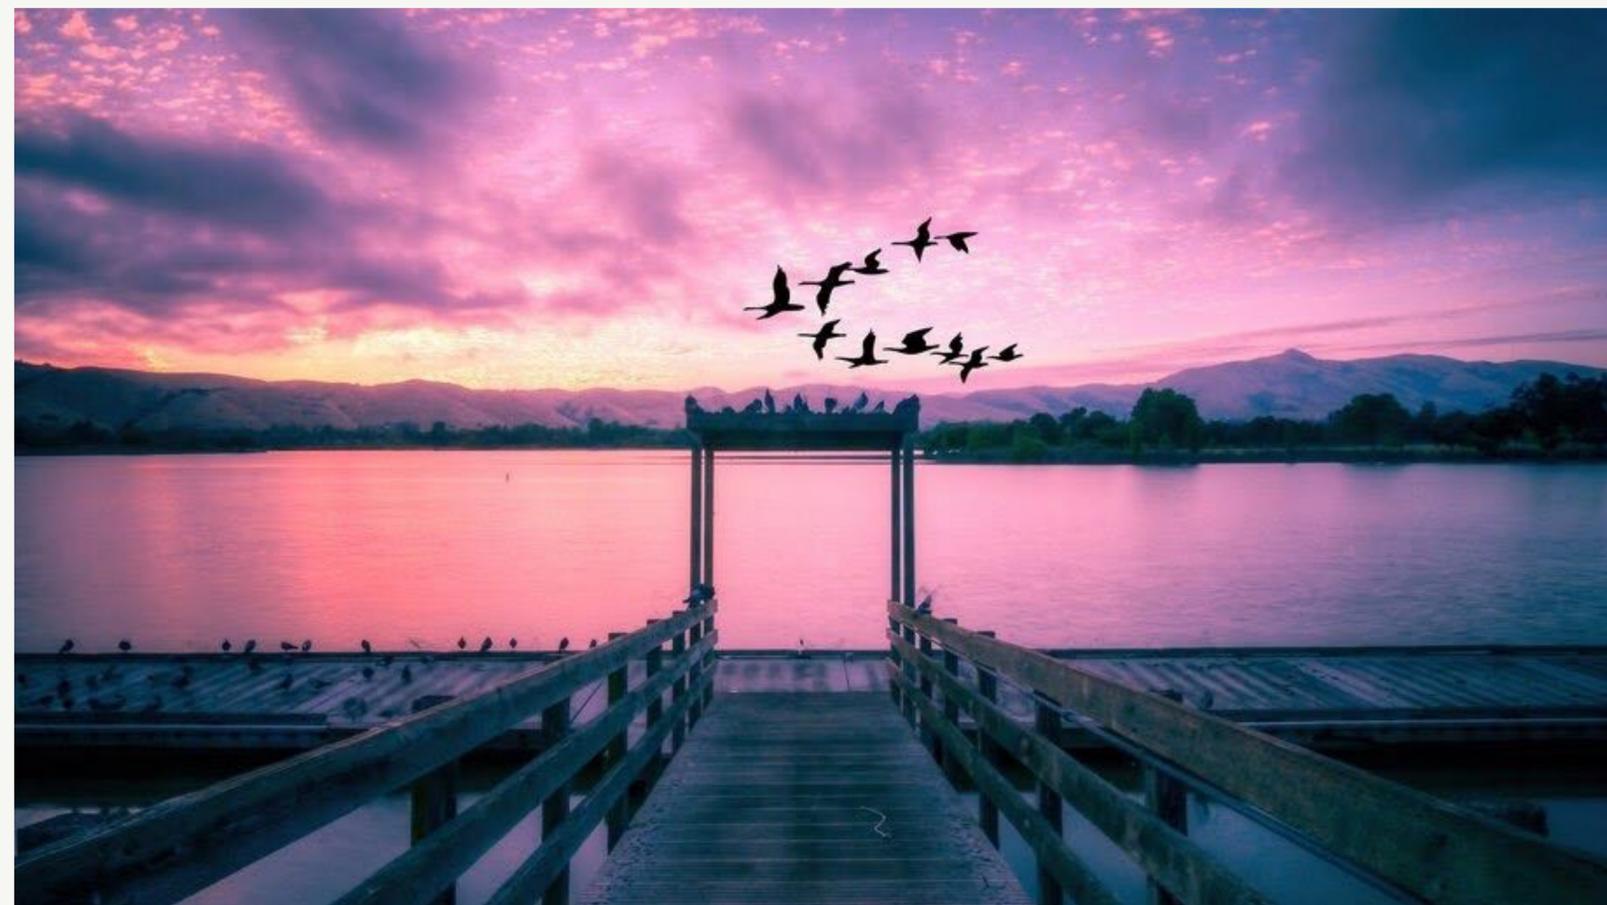

Beautiful flowers that flood the famous market with bright colors

Our pier and market are full of exhilarating sunset colors as well as evoking the ocean blues and purples that carry you away. Romantic lighting lines the pier.

On our pier, you will find lovers going for walks and bike rides. Artists paint among the vendors. A pier no one ever wants to leave. La La Land meets Amélie over and over again in Crystal Cove.

The script describes so much beautiful scenery like the lake, the lavender fields, the boardwalk etc. The sunsets in Kelowna are so amazing and I love that there are a few sunset scenes at the water. Hopefully we can preserve some of those in our scheduling to show that beauty in the film.

SKYE PARKER

Skye has created a world where she takes care of her community but has never forgotten her greatest heartbreak, GAVIN.

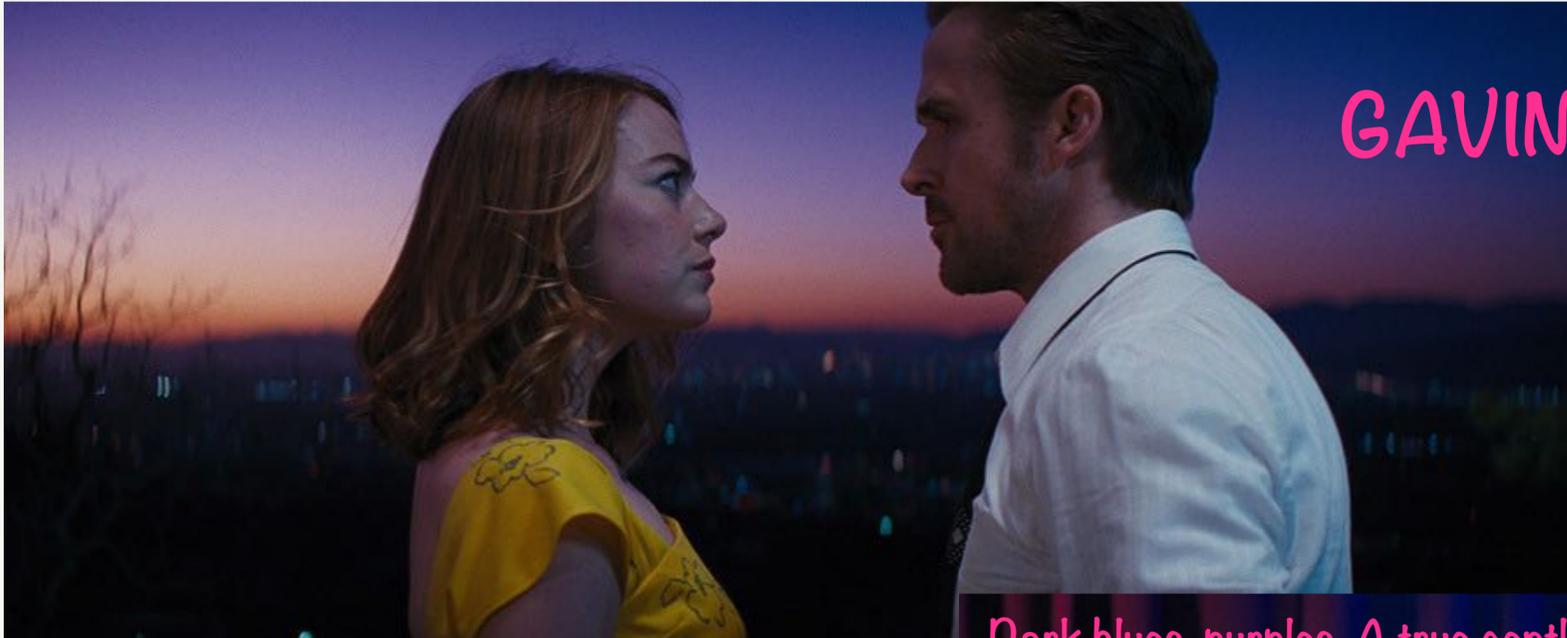

SKYE PARKER is surrounded by unique individual characters who always share their opinion with Sky.

I love how Skye knows and helps each of her customers so well. She is trying to make the world a better place much like I've been doing! Who we cast for this role is so important as she needs to understand that this store is her life's work and her way of helping the world.

GAVIN ROGERS

Dark blues, purples. A true gentlemen. Never forgot Skye.

Gavin's clothes start with rich colored suits in blues and purples but as he falls in love with Skye all over again, he relaxes into his true self. This is reflected in his clothing.

LATHER AND LUXURY: BEFORE

Skye has put her heart and soul into an amazing store but she has dreams of making it into something magnificent.

Very clean cut and proper.

There is an array of bath and body products.

Bath bombs line the wall from floor to ceiling.

LATHER, LUXURY, AND LOVE: AFTER

Luscious flowers fall from the ceiling and cover it completely.

Our Lather and Luxury location is a very important set to make sure we can tell the story and give it justice. I see a store where you can walk 360° with products all around and in the middle. Something similar to how the store LUSH is set up. This will really help to allow for nice soft foreground work with the camera and give us so many options for nice movement.

I look forward to creating Lather and Luxury with the production designer to make it an extension of Skye and show how she put her life and heart into the store. I think there's so much room to put lots of lavish colors in here, as well. Bringing those nice sunset colors we will see by the lake into the store.

Lather & Luxury Outdoor Spa

An outdoor spa with a green, lush garden and white flowers all around. Ivory chiffon and silk canopies ripple in the gentle breeze - This spa is heaven.

The handcrafted products in Lather and Luxury are an extension of Skye's own way of making the world a better place.

NEW YORK CITY

Cold. Hard. Fast. Unyielding. Loud. Busy. NYC

Never concerned with frivolous love.

A stark contrast from Crystal Cove

Crystal Cove
Rich vibrant pallets that beg everyone to fall in love

Coffee Shops

NEW YORK
Busy NYC with its packed corner coffee shop on Wall Street. Earth Tones

The Office of Rogers and Rogers

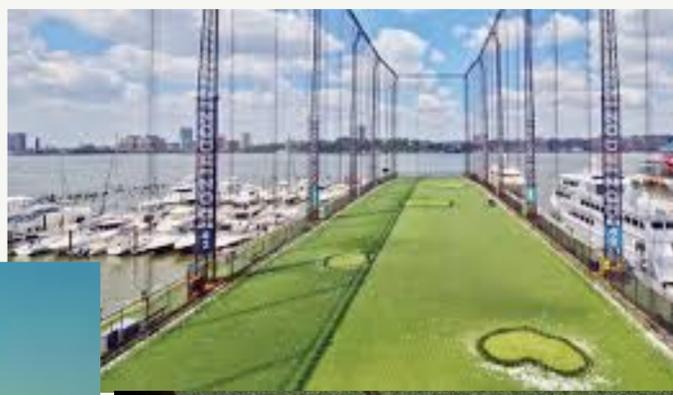

The NYC Office of offices. Vance is our villain and this is his domain. A lair disguised as an office. Cognac. Glass. Affluence. Sterile yet family owned. This is the world that kept Gavin from Skye.

Crystal Cove Famous Outdoor Market

Venders booths overflow into the market walkway of walkway. Their products spill onto the boardwalk. The prayer flags add pops of excitement. The sunset colors & familiar faces in purples, yellows, and blues. Flowers are overflowing. The lighting is romantic. Live

Golf Courses

New York has some of the finest golfing in the world. Chelsea Piers on 17th and 28th along Manhattan's Hudson River is Vance's favorite. Greens and blues and yellows. This is a place Vance blows off steam. Vance has caged himself into a world of isolation.

Sky and Gavin

Our romance at Crystal Cove has been a journey, not for the faint of heart, that both Sky and Gavin had to endure.

In our romance Sky and Gavin have to work towards an understanding so our story can end with love conquering the hearts of audiences.

Sky's exquisite yellow dress at the end of our movie is a showstopper.

Bioluminescent waves, bonfires, deep conversation and a reunion that not only brings together old friends but reignites old flames.

Romance At Crystal Cove

In our closing scene, the floor is covered with colorful balloons and the ceiling is covered with flowers.. Gavin has left no stone unturned to impress Skye.

The Kiss

Our romance culminates in this kiss. The light shines through and warm colors surrounds them. Time stands still as the characters melt into each other's arms.

It's all about heart for this story. I love that the lead character is truly trying to make the world a better place, much like I've been doing in my life. I want to help honor this story.
